Alton, 8/30/76

Dear Harold & Lil,

I saw this little magnet in Ohio and I couldn't resist picking one up for you two & one for Karen. She loved hers — I hope you do too!

No job prospects for either Karen or myself as yet but I keep hoping — I applied for a job in Washington, D.C. but could not even get an interview with the place — oh well!!

Still working at Kennywood at the present time — probably will paint for them after the season is over.

Saw the Good-night America show last Mon. night with section about J.F.K. assasination — it wasn't worth staying up for!

Well, I hope this note finds both of you at your best. Take care & hope Karen & I get a chance to drop in for a visit this fall sometime.

Love,
